1. Overview the role of political dependency of Mexico vis-à-vis the United States (bilateral foreign relations)
2. What are the major dimensions and sub-dimensions of economic dependency? What are the major outcomes?
3. Define and describe late development and its characteristics. Cite examples and outcomes.
4. Overview the three strategies of development (conservative modernization, progressive modernization, and revolutionary modernization).
5. Describe the arguments/theories used to explain the following political trends (changes in regime type) in Latin America: (1) the emergence of democracy in the 1950s; (2) the resurgence of authoritarianism in the 1960s; and (3) the swing back to democracy in the 1980s. Briefly, how does Mexico relate to these theories?
6. ~~Overview the current Mexican party system, paying particular attention to the organization of the PRI, strategies of dominance by the PRI, challenges to the PRI, and the history, role, and strengths of the two major “opposition” parties: the PAN and the PRD.~~
